

# Datasheet: The Ricoh eQuill Tablet & Accessories

## eWriter Solution. Designed for the way your work flows.

*The eWriter Solution is designed for businesses that must centrally manage on-premise, remote and mobile documents and workers.*

*Comprised of business-class tablets and back-end eWriter Workflow Services, the solution offers complete visibility and control over how forms data is captured, authenticated, routed and archived.*

### The Ricoh eQuill Tablet

Weighing in at about a pound, the Ricoh eQuill is as light as a small clipboard and as thin as most paper notepads -- less than a third of an inch in profile.

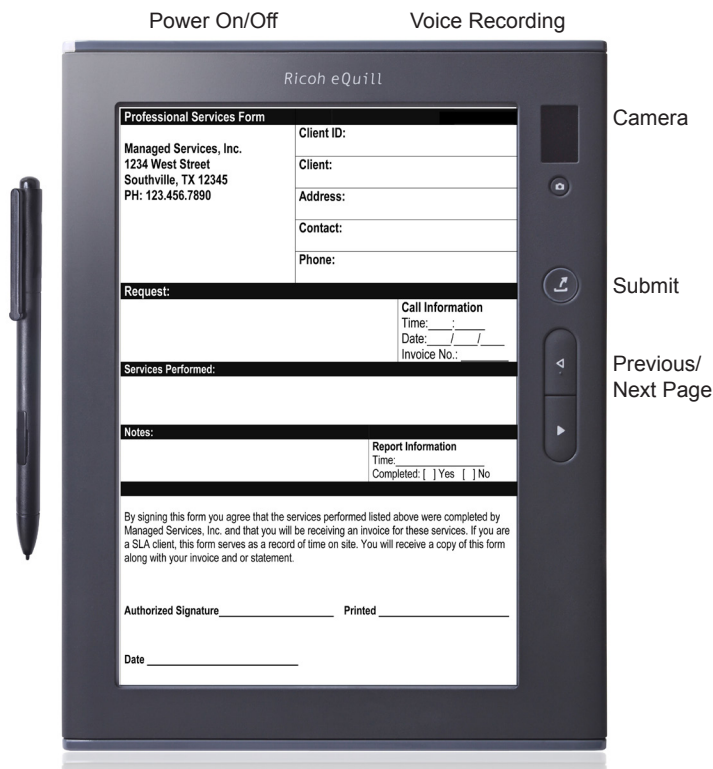

For connectivity to corporate networks and back-end services, the Ricoh eQuill comes in two configurations:

- **The Ricoh eQuill WiFi** comes with WiFi services enabled.
- **The Ricoh eQuill Nomad+WiFi** comes with WiFi and 3G data plus location-based (global positioning system/GPS) services enabled.

### Basic Features

The tablet offers a document-centric user interface that connects with the Ricoh eWriter Workflow Services for forms processing:

- **Writing:** The Ricoh eQuill features pen-based data entry and a soft keyboard. The stylus and E Ink Pearl technology support very fast pen tracking so users can write at their natural pace.
  - I/O & Peripherals: Stylus, soft keyboard, On/Off Power button, Submit button, Page Flipping buttons, status indicator, pinhole reset.
  - Communications: 3G Modem with GPS (optional), Wi-Fi (802.11 b/g).
- **Reading:** The 9.7" diagonal e-Paper display offers 1200 x 825 pixel resolution @ 150 ppi, 16-level gray scale. The 10:1 contrast ratio makes the reading experience similar to reading text on printed paper - indoors and out. The Ricoh eQuill stores ~25,000 pages locally, and features forward and backward page flipping buttons that allow the reader to move naturally through forms pages.
- **Carrying:** The Ricoh eQuill weighs in at about a pound and fits perfectly in your hands or lab-coat pocket at 7.4"W x 9.6"D x .38"H (189 mm x 245 mm x 9.6 mm).
- **Image Capture:** The 5 Megapixel autofocus camera features a 0.95" full-color OLED and is capable of capturing and appending detailed images to forms.
- **Long Battery Life:** The Ricoh eQuill tablet offers 20 hours of continuous normal use. It charges quickly via an optional USB power adapter or five-unit multi-rack charger.
- **Environmental:**
  - Operating Temperature: 0°C~50°C.
  - Relative Humidity: 20~80% non-condensing.
  - Non-operating Temperature: -20~50°C (no more than 3 months at 50°C).
  - Protection Rating: IP54 (Water/Dust Resistance).

Ricoh eQuill Tablet & Stylus

## Standard Accessories

The Ricoh eQuill tablet comes standard with a Stylus and Stylus Tether.

## Optional Accessories

Other accessories that are available for the Ricoh eQuill tablet include:

- **Charger Options.** Chargers are sold separately and at least one is required for use. The charger options include:
  - **AC Adapter with USB Cable.**
  - **Multi-Unit Charger**, which allows for five tablets to be charged simultaneously. Tablets can be charged without removing the optional cases described below.
- **Case.** The Ricoh eQuill can be covered in a strong yet lightweight protective case. The case features a stylus holder and easy-connect opening to allow connection to either eQuill charger product.
- **Neck strap.** Used in conjunction with the case, above, the neck strap is ideal for suspending the Ricoh eQuill from the neck or shoulder for hands-free transport.
- **Stylus Replacements.** A replacement stylus with built in eraser is also available.
- **Stylus Accessory Kit.** The Stylus can be supplemented with the items in this kit:
  - A Stylus Holder that easily attaches to Ricoh eQuill tablet, allowing the stylus to be stored in transport.
  - Two plugs to fill the divots in side of the Ricoh eQuill tablet if ever the Stylus Holder is not in use.
  - A Stylus Tether, which attaches to the Holder to suspend the Stylus at an acceptable writing length.
  - Nib Replacements, to replace worn writing tips on the Stylus.

## Standard eWriter Care Services

Every Ricoh eQuill™ tablet comes with a One-Year Limited Protection Plan at no additional cost. This includes complimentary telephone technical support from 9 AM to 9 PM EST for 90 days from your Ricoh eQuill provisioning date and a one-year limited warranty. Coverage includes defects in materials and workmanship. (A separate limited one-year warranty is offered and included in price for chargers and cases.)

## Additional Care Services

Other care services available at an additional cost include:

- **Express Exchange+, Three Years Care Services** offer you: Next-day replacement of your Ricoh eQuill tablet for three years after date of purchase. Coverage includes battery, accidental display and bezel damage, unintentional liquid spills, drops, falls, collisions.
- **Basic Annual Care Services** offer you: Unlimited number of users, up to 3 incidents, web based support, 2-day response time.
- **Silver Annual Care Services** offer you: Up to 100 users, unlimited number of incidents, web-based support with same day response plus 12/5 phone support to two named contacts, 9 AM - 9 PM EST.
- **Gold Annual Care Services** offer you: Up to 1000 users, unlimited number of incidents, web based support, same day response plus 24/7/365 live phone support or 2-hour web response to 2 named contacts.
- **Platinum Annual Care Services** offer you: Up to 5000 users, unlimited incidents, web support, same day response plus 24/7 365 days/year live phone support or 1 hour web response to 5 named contacts.
